St. Andrews Golf Fund

About St. Andrews Golf Club

In 1974 a group of keen golfers got together with the vision of starting a local golf course at St. Andrews. Through community fundraising and old fashioned hard work the golf course was up and running by 1975. It quickly became an integral part of the community in this small rural town south of Timaru.

After decades of success, membership numbers significantly dropped, and the club was faced with the tough decision to close down. The sale of the golf course in 2018 left the committee with a large capital sum and an equally big decision.

In 2020 they used a portion of the capital to start a Scholarship fund for the young people of St. Andrews. They set aside the rest of the funds to grow the game of golf. The challenge was how to do this in a fair way to all the golf clubs in the region. When NZ Golf and Aorangi Golf launched the Futures Golf Programme the committee knew they had found the solution.

"We must acknowledge and thank the St. Andrews Golf Club for all the support in allowing us to carry out our combined vision for golf development in South Canterbury."

- Tom Wilson
Golf Development Officer

We believe in a better South Canterbury for all, and see this being achieved through the power of giving.

What is a Community Foundation?

Community Foundations are local, independent, and not-for-profit. They run a well-proven model of giving which has been growing across the world for over 100 years, and they are now established in 17 regions in New Zealand.

Community Foundations build long-term, reliable funding streams for their local communities by investing and growing the donations they receive. Our smarter giving model ensures your gift to the community is everlasting.

How our unique giving model works

- We raise funds from donations and gifts
- We invest these funds retaining the capital and generating income
- We grow the capital to protect against inflation
- We use the remaining income to provide distributions to local charities or groups.
